

# Install Addio CC

- 1) Click on the link you received from Addio.
- 2) Download the setup by clicking the download symbol. (The folder will be downloaded to your "Downloads" folder.)

- 3) Extract "All files" by right click + menu on the folder

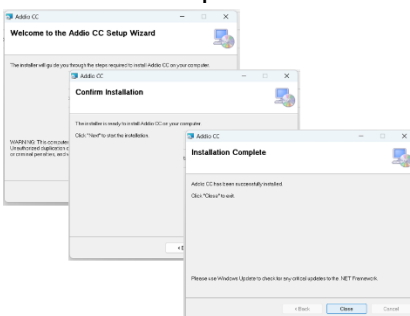

- 4) Double click on the installation file "AddioControlCenter-x.x.xx"

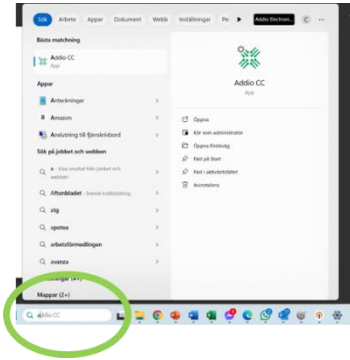

- 5) Windows will now warn you: Choos to ignore warning and run anyway.

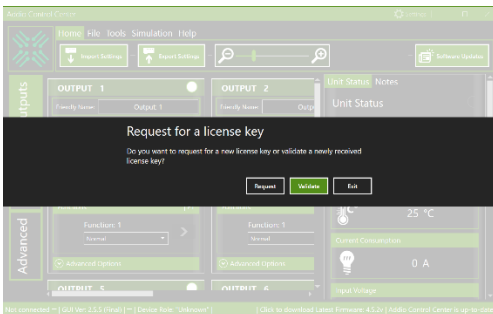

- 6) Follow the setup wizard.

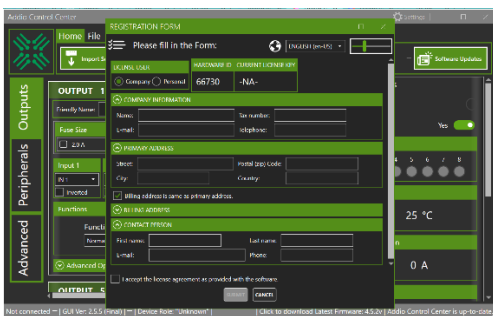

7) Success: Addio CC is now installed: Start the program

8) When Addio CC starts it asks for a Licence key. Proceed by pressing "Request"

9) Fill in the information

10) When done: Save the Licensefile and send to: [stefan.soderlund@solaritab.se](mailto:stefan.soderlund@solaritab.se)

11) Stefan will return a license code to you. While you wait you can run the program in for a 7 day test period.
